

DRINKWELL, A PARTNER OF DHAKA WASA, HAS WON THE US STATE DEPARTMENT AWARD FOR CORPORATE EXCELLENCE

In a momentous ceremony on March 19, 2023, Drinkwell, a US-based company collaborating with the Dhaka Water Supply and Sewerage Authority (DWASA), was awarded with the prestigious US State Department Award for Corporate Excellence. Drinkwell's remarkable achievement in the area of climate resilience showed the company's dedication to providing Dhaka residents access to clean water services.

The recognition not only underscores the achievements of the partnership but also signifies a milestone for DWASA as it was recognized as the best water utility in South Asia. The honor serves as proof of Drinkwell's commitment to innovation and the use of best practices carried out in association with DWASA.

The ceremony organized by DWASA and Drinkwell, was graced by the presence of Minister Md. Tazul Islam as the

chief guest, the US Ambassador to Bangladesh, H.E. Peter D. Haas, and Local Government Division Secretary Muhammad Ibrahim also attended the event as special guests.

Minister Md. Tazul Islam commended DWASA for its efforts in delivering pure water at affordable rates to the lower-income segments through the innovative Drinkwell ATM booths. All the present guest praised

the international recognition of the collaborative effort. Minhaj Chowdhury, the CEO of Drinkwell, attended the ceremony, symbolizing the leadership and commitment of the company to the shared vision of providing clean water services in Dhaka.

Following the award ceremony, dignitaries had the opportunity to visit the control center of the water ATM. A representative from Drinkwell provided a comprehensive

behind-the-scenes look at the operations, offering insights into the technology and processes driving the innovative clean water service. During this visit, the company shared its vision for the future, demonstrating a commitment to advancing water accessibility and quality and in addressing water-related challenges.

The Momentous Contract Signing Ceremony at DSIP: A Step Forward for Dhaka’s Sanitation

On 15th January, 2023 the Dhaka Water Supply and Sewerage Authority (WASA) embarked on a transformative journey by signing the contract for Consultancy Services for Design Review and Construction Supervision (Package-SD1) under the Dhaka Sanitation Improvement Project (DSIP) at the Surma Hall, Pan Pacific Sonargaon Dhaka.

The ceremony was graced by luminaries from various spheres. The chief guest, Mr. Muhammad Ibrahim, Secretary of the Local Government Division, Dr. Engr. Gholam Mostafa, the esteemed Chairman of the Dhaka

WASA Board, added an air of wisdom to this transformative endeavour.

The ceremony gained an international hue with the presence of H.E. Mr. LEE Jang-Keun, the distinguished Ambassador of the Republic of Korea. Engr. Taqsem A Khan, the Managing Director of Dhaka WASA, orchestrated the proceedings by presenting the Contract Signing Ceremony.

The contract between Dhaka WASA and DOHWA Engineering Co. Ltd. signified the city’s sanitation standards. The consultancy services for design review and construction

supervision under Package SD1 heralded a new era of innovation and efficiency in infrastructure development.

The ceremony was a testament to unity, dedication, and vision of a better Dhaka. Each participant, from the chief guest to the honoured guests, brought their expertise and support, paving the way for a brighter tomorrow. The Contract Signing Ceremony had set the stage for unprecedented progress, promising a Dhaka where sanitation wasn’t just improved but transformed, enriching the lives of its citizens for generations to come.

In a momentous ceremony held in the WASA Bhaban, partnership was solidified between Dhaka Water Supply and Sewerage Authority (DWASA) and the joint venture of Red Orange Limited with Maxwell Stamp Ltd. The contract for the Consultancy Services for Implementation of Communication and Stakeholders Engagement Strategy (CSES) (Package-SD10) under the Dhaka Sanitation Improvement Project (DSIP) was signed on March 22, 2023.

The occasion was graced by chief guest Dr. Engr. Md. Mizanur Rahman, Deputy Managing Director (RP&D), Dhaka WASA, special guests were Engr. Md. Nurul Islam, Additional Chief Engineer (RP&D), Dhaka WASA; Arnob Chakrabarty, Managing Director of Red Orange Limited; and Syed Nuruddin Ahmed,

Managing Director of Maxwell Stamp Limited. The ceremony was expertly presented by Md. Rafiqul Islam, Project Director, DSIP, Dhaka WASA.

The Red Orange Limited was entrusted with the pivotal role of updating DWASA's communication and stakeholder engagement strategy for DSIP. Their mandate was to champion DWASA's public image by instilling confidence and trust between Dhaka WASA and its valued customers.

This partnership marked a significant step forward in the DSIP's mission to enhance sanitation infrastructure in Dhaka. Red Orange Limited's expertise, with Maxwell Stamp Ltd.'s proven track record in consultancy services, promised a transformative journey toward improved communication,

stakeholder engagement, and public perception for DWASA. In the months to come, the city anticipates a positive shift in its water supply and sanitation.
